

# Monaro Timber News

The monthly newsletter from Monaro Timber Pty Ltd

February 2006

## Busy start to the year.

Traditionally January is a slow month for us. In fact it has always been our slowest. This year, notwithstanding the fact that half of the joineries were on holidays for most of January as were most of the rest of the population, we in fact had a very busy month. Best January ever and better than many months last year. I would like to express my heartfelt thanks to all of you who kept us on our toes over the past few weeks. The workshop in particular had a lot on which has meant that yet again the plans to rearrange things have been delayed. We started to move benches and cupboards around and create a more organized and spacious set up but when the work is on it must be done. We will see if February allows us some time to sort the shop out.

The good news is that our Tassie Timbers racks have been erected as have our structural hardwoods racks. Now you can select Blackwood, Myrtle, F27, F17, MGP 10 Pine, some flooring and decking straight from rack stock. If you need just a few lengths of flooring for a project or to finish off a job then we may be able to assist without having to break a pack. We have also put into racks our figured stocks of Jarrah, Ash, Blue Gum, Red Gum and others. The crew has been busy labeling our dressed boards for your convenience so all in all things are improving.

Spend \$200.00 on cabinet timbers in February and receive a free Organoil Woodwipe or wax.

## Volume 5, Issue 2

### Woodie get together

If you are a member of either the Eurobodalla Woodworkers, Goulburn Woodworkers or the Triton Club you will hopefully be aware that Monaro Timber is hosting a get together on Saturday, 4th March. Kicks off at midday and food and refreshments will be available. We will look at a range of timbers and their uses, discuss selecting timber for a job and then run through some planing exercises. This will also provide club members to meet other woodies from out of area. The afternoon promises to be a bit of fun for all

### Club sponsorship.

A few months back we introduced a new arrangement for sponsorship of the various clubs. This was in response to the increasing number of requests for assistance. Basically we now run a rewards program much like the ones with credit cards. Everytime a club member spends a dollar we give a credit to the club. You still get your normal discount but as always we do need to know **before** we invoice for you to receive this. Some clubs have failed to advise their membership of the new arrangements which is doing the members a disservice. We have had some people shop with us who have failed to mention they are club members. As such they have forgone their discount ( 12.5 % off most items ) and they have not registered a credit for their club. We are trying hard to be as supportive as we can so if your club hasn't told you about the sponsorship deal maybe you should ask them why.

## New Stock.

We have sixteen packs of Tassie Oak about to arrive. All sorts of sizes including ready dressed and rough sawn. We also have more laminated stock arriving. Also due in any day are several packs of Danta. January saw fresh stocks of American Cherry arrive, Red Stringybark, Jarrah and Brush Box. Stocks of most other products are good and for your info we have some fantastic 136 x 19 decking in Iron Bark available. Last month we advised we had stock of veneered board and ply available. For boards not on the shelf we can order in.

That's all for another month.

Regards *Shaun*
